

Even If We Try

Night Beds

[Verse 1]

Even if we try

Even if we try

To make ourselves alright

To mend our severed lives

All the rivers rage

Descent upon the stage

Running melodies

I lift my voice to sing[Verse 2]

Holding to the past

Clouding in my glass

Never on my youth

Remember what is true

As we watch the colours

Free with the cover

Laces set on fire

Truth found in them liar[Verse 3]

Stumbling down the heel side

In the waging moon light

Give me, calling

And waiting on the doldrums

Let ourselves get lonesome

Lies, past over

Down in Hallowed Grove

Its wilting, whitened bones

Come on Johnny please

Won't you speak to me[Outro]

Uuu uuuu uuu uuuuu

Uuu uuuu uuu uuuuu

Uuu uuuu uuu uuuuu
