

Under The Blacklight

Rilo Kiley

when you get sober
will you get kinder
cause when you get uptight
it's such a dragwhen I get older
i won't remember
until that day comes
i've got something on youunder the blacklight
out in the garden
into the pale moon
i'll be waitingunder the blacklight
under the blacklighteven dead men
lie in the their coffins
it's been a long time
since you felt betterunder the blacklight
out in the garden
into the pale moon
i'll be waitingunder the blacklight
out in the garden
into the pale moon
under the blacklightsomewhere in Laredo
borders a soft man
like a black widow
i'll be crawlingunder the blacklight
out in the garden
into the pale moon
under the blacklightdown in the valley
up in the dark blue
under the blacklight
under the blacklight
