

Song About Nuthin'

Powerman 5000

Yea, yea

This could have been about a lot of things but it's not
So don't stop and try to look for the message
The world moves and it don't ask why
Your kids will burn red hot like the fourth of July
I could have told about what's in between
The head and the hand but you wouldn't understand
You heard the story of the rise and the fall
But this time I swear it's not about anything at all
This ain't a song about nothin'
This ain't a song about nothin' at all
This ain't a song about nothin'
This ain't a song about anyone or anything

Hey

If you believe me, I'll tell you
This could have been about a lot of things but it's not
So don't waste time, look for the meaning
You heard so many things you couldn't recall
But this time I swear it's not about anything at all
This ain't a song about nothin'
This ain't a song about nothin' at all
This ain't a song about nothin'
This ain't a song about anyone or anything
This ain't a song about nothin'
This ain't a song about nothin' at all
Not anyone not anything, not anything not anyone
Not anyone not anything, not anything not anyone
Not anyone not anything, not anything not anyone
Not anyone not anything
Not anything at all, anything at all
This ain't a song about nothin'
This ain't a song about nothin' at all
This ain't a song about nothin'
This ain't a song about anyone or anything

Hey

This could have been about a lot of things but it's not
So don't stop and try to look for the message
This could have been about a lot of things but it's not
So don't waste time, look for the meaning
