

# Radioland (2009 Remaster)

## Kraftwerk

Turn the dials with your hand  
Till you find the short wave band  
Electronic music sounds from Radio land  
We are turning dials of the Radio  
We are hearing the sound of transmission  
By pressing a button fast  
We reach the short wave band  
After fine tuning by hand  
We are listening to the Morse band  
Electronic sound from Radio land
