

# You Luv Me (feat. Shae Fiol)

E3

[E3]

Turns out that you're a flower, I never would have thought.

And if i was a better man, looking at my cards, i would have bet it all, that you would never love me

[Shae] But baby i love you

[E3] that you would never care

[Shae] I do

[E3] Now i know, i could have lost the bet, cause you're here with me, you luv me, you luv me, you luv me, you luv me... you luv me

[Shae] It was truly misunderstanding, we both been hurt enough, together burning up, insecurity in my head i get so lost, its hard to open up. your patience showed me, that you dont want to be, with anyone but me, because you luv me, you luv me, you luv me, you luv me, you luv me.

[E3] Tainted by the voice of broken trust, Its the little things that break us up

[Shae] Well i promise I'll do my best to communicate exactly how i feel.

[E3] I wont hold back, ill give you all i have, i'll put my faith in us and know you can too

[Shae] Its just that lovers gets so \*\*\*\* say that we're just supposed to love

[Hook duett] You luv me, You luv me, you luv me, you luv me,

[E3] Everything is simple now,(you luv me) life is gone always (you luv me)

[Shae] Going our way (you luv me, you luv me, you luv me.)
