# I Can't Stop the Rain

## David Ruffin

If I could move a mountain
I'd push one in your way
And keep you from walking out the door

Ah...but I know I can't move mountains
No and I can't make you stay
And we'll never have the love we had before

I'm happy for the laughter (For the laughter)
And I'm sorry for the pain
But I can't hold the sunshine
And I can't stop - no I can't the stop the rain, no baby
I can't stop the rain

If I brace myself against the clouds
With one hand on the sun
Oooh tell me what good would it do

I'd be (hard to tell what he's saying) - rain loser? rain or sun?
After all was said and done
But the _____ rain that would have been you

Now what do I do?

Talk you into staying? (Into staying...)
When my words would be in vain?
But I can't hold the sunshine
And I can't stop, no I can't stop, the rain...â€¦â€¦.naw baby

I can't stop the rain

[Instrumental Break]

I talk you into staying (Into staying)
When my words would be in vain
Cause I can't hold the sunshine
And I can't stop, no I can't stop, the rain...â€¦â€¦.Aw, I can't stop the rain

No no no

I can't stop the rain
Oo baby, no no no nono

It's cloudy sky girl,
It's raining down my love
I can't stop the rain
