More Than

NEEDTOBREATHE

I promised you the world again
Everything within my hands
All the riches one could dream
They will come from me

I hoped that you could understand
That this is not what I had planned
Please donâ€™t worry now
It will turn around

Cause I need more time
Just a few more months and weâ€™ll be fine
So say whatâ€™s on your mind
Cause I canâ€™t figure out just whatâ€™s inside

I hoped that you could understand
That this is not what I had planned
Please donâ€™t worry now
It will turn around

Cause I need more time
Just a few more months and weâ€™ll be fine
So say whatâ€™s on your mind
Cause I canâ€™t figure out just whatâ€™s inside
So say alright
Cause I know we can make it if we try
Cause I need more time
Just a few more months and weâ€™ll be fine

Weâ€™re off to new lands
So hold on to my hands
Itâ€™s gonna be alright
Itâ€™s a whole lot brighter
So stand by the fire
Itâ€™s gonna be alright
Yeah, the road gets harder
But itâ€™s not much farther
Itâ€™s gonna be alright
You know that it ainâ€™t easy
Please believe me

Itâ€™s gonna be alright

Please donâ€™t worry now
It will turn around

Cause I need more time
Just a few more months and weâ€™ll be fine
So say whatâ€™s on your mind
Cause I canâ€™t figure out just whatâ€™s inside
So say alright
Cause I know we can make it if we try
Cause I need more time
Just a few more months and weâ€™ll be fine
