I Know Somethin' ('bout You)

Alice In Chains

Why can't I take it all okay?
I like to dig and fuck around with your day
I'm gonna tell your mamma
Yeah I'm gonna blackball your name
Ain't no way you'll go without me
Every chance, I'll make you pay
On your face, in my space, I tell you I know
Somethin' 'bout you, I know somethin' 'bout you
In my space, on your face, I tell you I know somethin'
'Bout you, I know somethin'
Why can't I put your words away?
I'd like to have more of you in my veins
I'm gonna tell your papa
Yeah, I'm gonna try and ball your babe
Your gold key don't fit my crapper
Ain't got no shit today
On your face, in my space, I tell you I know
Somethin' 'bout you, I know somethin' 'bout you
In my space, on your face, I tell you I know somethin'
'Bout you, I know somethin'
On your face, in my space, I tell you I know
Somethin' 'bout you, I know somethin' 'bout you
In my space, on your face, I tell you I know somethin'
'Bout you, I know somethin'
I'm gonna tell your mama
Yeah, I'm gonna blackball your name
Ain't no way, you'll go without me
Every chance I'll make you pay
On your face, in my space, I tell you I know
Somethin' 'bout you, I know somethin' 'bout you
In my space, on your face, I tell you I know somethin'
'Bout you, I know somethin'
On your face, in my space, I tell you I know
Somethin' 'bout you, I know somethin' 'bout you
In my space, on your face, I tell you I know somethin'
'Bout you, I know somethin'
