Vapor Trail

The Crystal Method

Stratospheric traces of our transitory flight
Trails of condensation held in narrow paths of whiteThe sun is turning black
The world is turning gray
All the stars fade from the night
The oceans drain awayHorizon to horizon, memory written on the wind
Fading away like an hourglass, grain by grain
Swept away like voices in a hurricaneIn a vapor trail
In a vapor trailAtmospheric phases make the transitory last
Vaporize the memories that freeze the fading pastSilence all the songbirds
Stilled by the killing frost
Forests burn to ashes
Everything is lostHorizon to horizon, memory written on the wind
Washed away like footprints in the rain
Swept away like voices in a hurricaneIn a vapor trail
In a vapor trailWashed away like footprints in the rain
Swept away like voices in a hurricaneIn a vapor trail
In a vapor trail
In a vapor trail
In a vapor trailIn a vapor trail
In a vapor trail
In a vapor trail
In a vapor trail
