

Pray for Love

Kwabs

It's safe to say we made it
Along the path we tread so well
And the shades we use to paint it
Can't start to show our lives parallelEyes to the ground
We watch our feet
We're a little bruised and battle-worn
But the walls they built to keep us
Cannot shield our stormWe prayed for love
We prayed for loveWe prayed for love
Someone in the distance
Who will listen
Listen to our breaking heartsWe prayed for love
Someone in the distance
Who will listen
Listen to our breaking heartsThe endless days of thunder
Seemed to leave us here without a chance
Feeling like a world around us
Is falling down like an avalanche
We look ahead you know our hearts
Are gunna lead us through another fight
The negative like string between us
Strong in our desireWe prayed for love
We prayed for loveWe prayed for love
Someone in the distance who will listen
Listen to our breaking heartsWe prayed for love
Someone in the distance who will listen
Listen to our breaking heartsWherever the road takes us
The winds began to break up
Just stay by my sideWherever the road takes us
The winds began to break up
Just stay by my sideWe prayed for love
Someone in the distance
Who will listen
Listen to our breaking heartsWe prayed for love
Someone in the distance who will listen
Listen to our breaking hearts
