Back to Basics

Gimmik

Bring it back to basics
Bring it back to basics

Oh, so long together
Forgot how you made me feel
Tired of each other
We drifted further afield
But there was nothing out there for me
I realized you're all i needed

Now that i got you caught
I don't know what i did before
You've made my life so special
Everything that I had before you
Give it to me with much more
That's why I can never let you go
No

Bring it back to basics
You and I,I,I will make it right
Take it back, erase it
You and I will make it right
Bring it back to basics
You and I,I,I will make it right
Let's get back to basics
Bring it back, back to basics.

Couldn't remember
Just what made me fall for you
Searching for others
They make me feel all blue
But every time i felt that feeling
I knew it wasn't what i needed

First i nearly got you caught
I felt better than i felt before
You've made my life so special
Everything that i could want you
Give it to me every part
That's why I'd never let you go

No

Bring it back to basics
You and I,I,I will make it right
Take it back, erase it
You and I will make it right
Bring it back to basics
You and I, I, I will make it right
Let's get back to basics
Bring it back, back to basics
