Summertime Feeling

S Club 7

Come and dream an S Club feeling
I've got that summertime feeling
Slow down 'cos you're movin' too fast
Close your eyes and let the day go past
Feelin' the sun and the breeze in your hair
Let the waves take away your cares
I'm feeling good today
I just wanna listen to what the flowers say
See if the cool wind carries my dreams
Not too cold in the sun beams
I've got that summertime feeling
Come and dream an Summertime feeling
I've got that summertime feeling
Come and dream an S Club feeling
So I'm takin' a drive today
Friends in the back, everything's okay
You're my ice cream dream when we're foolin' around
Don't want this heat to ever cool down
Ease your mind, set yourself free
Don't push what comes naturally
Making love in the afternoon
Sun's gonna shine on everything we do

I've got that summertime feeling
Come and dream an Summertime feeling
I've got that summertime feeling
Come and dream an S Club feeling
Don't waste your time with problems
Step outside and let the summertime solve them
Stuck indoors can send you crazy
Have you had any fun just lately?
Can't waste your time with problems
Step outside and let the summertime solve them
Stuck indoors can send you crazy
Have you had any fun just lately?
I've got that summertime feeling
Come and dream an Summertime feeling
I've got that summertime feeling
Come and dream an S Club feeling

(I got it, I got it, I got that summertime)
I've got that summertime feeling
Come and dream an Summertime feeling
I've got that summertime feeling
Come and dream an S Club feeling
