

# Mind Eraser

## Neanderthal

When I need to replace her  
I am the Mind Eraser  
Anything goes, yeah, anything goesGot this sin in our brain  
But she ain't gonna see me again  
See me again, this I know  
But oh, deep down I can't let goOh, don't let it be over, over  
Oh, don't let it be over, let it be over, noSeein' me stack up my woes  
Into a wall, around a rose  
'Round the rose, and now she knows  
Oh, it hurts so, I can't let goOh, don't let it be over, over  
Oh, don't let it be over, let it be over, no(soulful interlude)Oh, don't let it be over, over  
Oh, dont let it be over, let it be over, no
