Ella Eyre

Yeah I'm cool, everything seems to be fine
On the surface I look good
But I don't feel the same inside
Something's wrong, and I know you can tell
But I never have to say, because you know me to well oh
No need to worry, there's no urgency here
I'm all good, I'll be on my way, and oh
But I'm too proud to say, I need anyone else but me
But then I'm right back on my street
And I find my self at home, home no never be scared
Home's where my family are, I'm home no never look back
Hold on to what I have
I'm not afraid to use the phone
'Cause I don't have to be alone
No I'll never be scared, and oh
So I find myself at home
And it's alright, if there's one thing I know
To get that good feeling, I know just where to go
'Cause everything's easy, everything's falls into place
And there's somewhere I can hide, when I just need a break oh
No need to worry, there's no urgency here
I'm all good, I'll be on my way
But I'm too proud to say, I need anyone else but me
But then I'm right back on my street
And I find my self at home, home no never be scared
Home's where my family are, I'm home no never look back
Hold on to what I have
I'm not afraid to use the phone, 'cause I don't have to be alone
No I'll never be scared, and oh, so I need to get home
Take, take me home
To the the place I know, yeah
Oh take, take me home oh yeah
Take, take me home
Take, take me home to the place I know
Take, take me home
Take, take me home, and I find my self at
Hold I'll never be scared
Home's where my family are, I'm home no never look back
Hold on to what I have
I'm not afraid to use the phone, 'cause I don't have to be alone
No I'll never be scared, and oh, so I need to get home
