Morning Glory

Gordon Lightfoot

Pretty faces everywhere

A few hard cases stop and stare

They've got charm that is not right

Pretty faces late at nightMorning Glory what's the story?

Will it ever end?

I've been all the way to Biscayne Bay

And all the way back again

All the way back againI remember our old rendezvous

The key was kept inside a shoe

Those moments will remain frozen in time

Morning Glory's on my mindWhat's the story Morning Glory?

Will it ever end?

I've been all the way to Biscayne Bay

And all the way back again

All the way back againIt seems like only yesterday

She married me and carried me away

I found out what life was all about

Morning Glory threw me outHey, Morning Glory what's the story?

Will it ever end?

I've been all the way to Biscayne Bay

And all the way back again

All the way back againAlimony, Palimony, puts a dent in me

I've been all the way to Biscayne Bay

For a dip in the shining sea

A dip in the shining seaPretty faces everywhere

A few hard cases stop and stare

Even when I know it ain't my day

A lot of good faces anywayMorning Glory what's the story?

What is it to be?

I've been all the way to Biscayne Bay

For a dip in the shining sea

A dip in the shining seaWhat's the story Morning Glory?

Will it ever end?

I've been all the way to Biscayne Bay

And all the way back again

All the way back againMorning Glory what's the story?

Will it ever end?

I've been all the way to Biscayne Bay

And all the way back again

All the way back again
