The Underrated

The Veer Union

Oh...We're awake, we're alive
Finally we can
Pull these fingers from our eyes
We're stopping the bleeding
We'll erase the divide
Now that we're healing
Take these diamonds from the sky
Now there's a reason why
We'll be (more) more than the ones who rot in beneath the bottom
We'll be more than the lost forgotten of the fallen
Cause now it's coming around again
Back to where it began
This time you will see that
We are the underrated
It's buried beneath the air
Out in the atmosphere
This time they will see that
We are the underratedWe create a new life
From the ashes that we've been
Leave the past so far behind
Now there's a reason why
We'll be (more) more than the ones who rot in beneath the bottom
(Why) We'll be (more) more than the lost forgotten of the fallen
Cause now it's coming around again
Back to where it began
This time you will see that
We are the underrated
It's buried beneath the air
Out in the atmosphere
This time they will see that
We are the underrated
The underratedCause now it's coming around again
Back to where it began
This time you will see that
We are the underrated
It's buried beneath the air
Out in the atmosphere
This time they will see that
We are the underrated

We are the underrated
We are the underrated!
