

# **Stones Under Rushing Water**

## **NEEDTOBREATHE**

Why don't we dance anymore  
I'm not okay with that  
Why don't we laugh anymore  
I'm not okay with that  
The years go by like stones under rushing water  
We only know, we only know when it's gone  
Yeah, the years go by like stones under rushing water  
We only know, we only know when it's gone  
Why don't we smile anymore  
I'm not okay with that  
Why don't we dance slowly  
I'm not okay with that  
Cause the years go by like stones under rushing water  
We only know, we only know when it's gone  
Yeah, the years go by like stones under rushing water  
We only know, we only know when it's gone  
Cause the years go by like stones under rushing water  
We only know, we only know when it's gone  
Yeah, the years go by like stones under rushing water  
We only know, we only know when it's gone  
Why don't we dance anymore
