

Bonus Song

Ensiferum

Hear the thunder drums,
Blasting in the night,
Feel the guitar solo getting near.
Bass is so punchy,
and that's the way I like it,
Vocals are fantastic,
and Finnish is the language. With the lyrics, whatever fits
Thundertits! This is what you get,
When you ask more and more
Kiki diki bang bang all night long
We'll kick you in the balls!
Like the legend says,
"TÄÄTTÄÄRÄÄÄ, King Kong"
Äæber heavy Viking metal!
There's no sense at all! With the lyrics, whatever fits,
Thundertits! Magic swords and dragons,
That's all that matters.
We wrote this song,
To please you all.
Cover songs to play
Wise words to say,
So sing along, it's a bonus song. Ladies and gentlemen, Mr. Petri Lindroos
Whoa
Whoa oh
(repeat)
Vittu everybody!
Whoa
Whoa oh
(repeat)
One more time!
Whoa
Whoa oh With the lyrics, whatever fits,
F*ck this sh*t! Magic swords and dragons,
That's all that matters.
We wrote this song,
To please you all.
Cover songs to play
Wise words to say,
So sing along, it's a bonus song.

Shout once more!
It's a Bonus song!
It's a Bonus song!
It's a Bonus song!
Bonus song!
Booonuuuus soooooong!
