

Bones

Luka Bloom

See this life
I hate it now
Though I don't want to See this life
I hate it now
Though I didn't used to Once there was a way to dream
A warm pool to lie in
Someone's murdered the child in me
This place I'll die in Bones are all you see
Because that's what left of me
Bones are all you see
Because that's what left of me See that man
I hate him now
Though I don't want to
See that man
I hate him now
Though I didn't used to One there was a time of love
That time is no longer
So I scream to God above
Take me from this hunger This road and me ...
