# Sunset

## MAKUTA

We were sitting in the shadows
Of the sunshine
Where we made a promise
You'd always be mine
In the sunshine
In the sunshine

Now we're staring at each other
And I can't make a sound
So I tell you that I love you
With the words that I mouth

When I fall asleep
I will miss you 'til I wake
You're my one thousand lullabies
With a heart I'll never break

'Cause you're my only one
That I love, that I love, that I love
(x 2)

Every time you smile
The sun shines on your face
I live for those moments
That time can't erase (no, no, no)

When I fall asleep
I will miss you 'til I wake
You're my one thousand lullabies
With a heart I'll never break

'Cause you're my only one
That I love, that I love, that I love
(x 2)

And when I fall asleep
I will miss you 'til I wake
You're my one thousand lullabies
With a heart I'll never break
In the sunshine

In the sunshine
