

# Grey Skies

## Turquoise Days

Don't expect me to make you smile  
When I walk in through your door.  
Some days I can't smile at all.  
I could lose it all  
I could lose it all  
Grey skies  
I can see those clouds again.  
Don't wait around all day  
I may never show my face.  
I came into your life like a ghost  
Never left a trace.  
Grey skies  
Getting ready for the rain.

Don't expect me to make you smile  
When I walk in through your door.  
Some days I can't smile at all  
I could lose it all  
I could lose it all  
Grey skies  
I can see those clouds again.  
I came into your life like a ghost.  
Never left a trace  
Never left a trace  
Grey skies  
Getting ready for the rain.  
Grey skies
