Underachiever

Pitchshifter

Lie to me, tell me I'm like you,
Tell me I'm beautiful, tell me I'm cool.Lie to me, patronize me.
Talk to me" like that" you know we like that.(I can see mass redundancies in your smile.)Tell me I'm perfect, ten feet high.
Starve me, sedate me but feed the lie.Lie to me, patronize me.
Talk to me" like that" you know we like that.Tell me I'm faultless, teflon child.
Tell me there's nothing wrong, stay press smile.Lie to me, patronize me.
Talk to me" like that" you know we like that.(I can see mass redundancies in your smile.)Lie to me, (keep) keep lying to me.
(keep) keep alking to me" like that" you know we like that.
