

# Hitchhiker

Aubrey O'Day

Walking down a road of false seduction  
Legs are feeling weak from loves corruption  
Up to you I wanted no interruption  
Tell me how could he just pass me up? Sometimes I wanna scream how could he let me go  
Havent gotten over how you stole my soul  
searching for your face in every car window  
Look at what you did to me Now Imma Hitchhiker  
Gotta get to love  
Can you take me there  
Can you take me there  
Imma hitchhiker  
gotta get to love  
can you take me there  
can you take me there  
are you going my way  
are you going my way Why do all your words set my heart on fire  
when all i wanted was to be with you cause i uh  
had everything i wanted but i need more  
Now I feel more lost than before Cause Imma Hitchhiker  
Gotta get to love  
Can you take me there  
Can you take me there  
Imma hitchhiker  
gotta get to love  
can you take me there  
can you take me there  
are you going my way  
are you going my way Can't find my way without you  
What did I do to make your love pass me by  
Don't want to be in your rearview  
You took control of the wheel and you let our love die Hitchhiker, Hitchhiker  
Gotta get to love  
Can you take me there  
Can you take me there Imma Hitchhiker  
Gotta get to love  
Can you take me there  
Can you take me there  
Imma Hitchhiker  
Gotta get to love

Can you take me there  
Can you take me there  
Hitchhiker  
Gotta get to love  
Can you take me there  
Can you take me there  
Imma Hitchhiker  
Gotta get to love  
Can you take me there  
Can you take me there
