

# Busy With You

**Joan Armatrading**

I

I wanna get with you

I wanna get with you babe

I wanna get with youI

I wanna get with you

I wanna get with you babe

I wanna get with youEverybody got a selfish gene

it's human but I would

Forget myself for youEverybody got a selfish gene

it's human but I would

Forget myself for you

I

I wanna busy with you

I wanna busy with you babe

I wanna busy with youI

I wanna busy with you

I wanna busy with you babe

I wanna busy with youYou're not a money magnet

You got no super powers

But you fly for meYou're not a money magnet

You got no super powers

But you fly for meI want to get up and fly

Want to get up and fly

Want to get up and

Fly with you

I want to get up and fly

Want to get up and fly

Want to get up and

Fly with youI

I wanna get with you

I wanna get with you babe

I wanna get with youI

I wanna get with you

I wanna get with you babe

I wanna get with youYour name is on my card

I danced with you the first

But now this last dance is for youYour name that is on my card

I danced with you the first

But now this last dance is for youI

I wanna busy with you  
I wanna busy with you babe  
I wanna busy with youI  
I wanna busy with you  
I wanna busy with you babe  
I wanna busy with you You're not a money magnet  
You've got no super powers  
But you fly for me  
You're not a money magnet  
You've got no super powers  
But you fly for meI want to get up and fly  
Want to get up and fly  
Want to get up and  
Fly with youI want to get up and fly  
Want to get up and fly  
Want to get up and  
Fly with you
