

Flamedown (Full Length Album Version)

Heaven 17

Underneath the bridge
The glowing streets
Light up the heavy sky
Out of nowhere
I return to you
Even as we meet
This curious girl
Fell back to sleep
This time for keeps
But i won't surrenderFind some way
I think she's going to payOn that day i knew
(cold heart, flamedown)It was me and you
Burn out, flamedown)Under burning sky
Look up, flamedown)You shall carry me
Along the streets
Awake and paralysedTake the slow lane
We'll enjoy the viewAs we move along
The girl will sing
This curious song
And she won't speak
But she will rememberWhat's ahead
And what is left unsaidCaught up in the heat
Burn out, flamedown)
Out on judgement street
(watch out, flamedown)I see no way out
(hold out, flamedown)
I can hear you shout
(move out, flamedown)Chorus 3:
Hold on don't give in
Stay out, flamedown)To the flame within
(burn out, flamedown)Want you to agree
(no doubt, flamedown)
When you talk to me
(shout out, flamedown)
