Little Things

Tiffany Alvord

I said a shoo be do be do be
I mean a ru be do be do be
I mean a do be do be do be
Thats how you make me feel
I said a shoo be do be do be
I mean a ru be do be do be
I said I do be do be do be, love youThree little words that you say to me
Three things you do are incredibly
Amazing, in every single way, yeah
Three little words you whisper in my ear
Three things you say when I'm fear
Don't worry, Don't run, Cause I am hereAnd you take my hand, and we run away
And wedance in the moonlight, and kiss in the rain
And you make me smile, all the time
And the little things you do,
Make me glad that you are mineThree little things like openin the door
Sweet little things that no ones done before
These little things, make me love you more
Three little things and three little moves
You flirt up a storm, but you play it off smooth
You are the one guy, I'd never want to loseAnd you take my hand, and we run away
And wedance in the moonlight, and kiss in the rain
And you make me smile, all the time
And the little things you do,
Make me glad that you are mineI said a shoo be do be do be
I mean a ru be do be do be
I mean a do be do be do be
Thats how you make me feel
I said a shoo be do be do be
I mean a ru be do be do be
I said I do be do be do be, do love youI said a shoo be do be do be
I mean a ru be ru be ru be do
I mean a do be do be do be do, love you
I said a shoo be do be do be
I mean a ru be ru be ru be do
I said I do be do be do be,
I do be love you
