

I've Got You Under My Skin

Jawbox

I've got you under my skin
I've got you deep in the heart of me
Well, so deep in my heart
Until you're really a part of me I've got you under my skin
I'd tried so hard not to give in
I've said to myself
"This affair never can go so well" Oh, but why should I try to resist
When, darlin', I know so well
I've got you under my skin? I'd sacrifice anything come what might
For the sake of havin' you near
In spite of the warnin' voice that comes in the night
And repeats and repeats in my ear Don't you know, little fool, you never can win?
Use your mentality, wake up to reality
But each time that I do just the thought of you
Makes me stop before I begin
I've got you under my skin Don't you know, little fool, you never can win?
Use your mentality, wake up to reality
But each time I do, just the thought of you
Makes me stop just before I begin
Oh, I've got you under my skin
Said, I've got you, got you, got you under my skin Way down deep under my skin
Way down deep under my skin
Said, I've got you, got you, got you under my skin
Way, way, way, way down under my skin
Said, I've got you under my skin
