

Sanctuary

Sanctuary

In you and I, theres a new land
(Angels in fights)

My sanctuary, my sanctuary, oh
Where fears and lies melt away
(Music in time)

Whats left of me, whats left of me now

I watch you fast asleep
All i fear means nothing

In you and i theres a new land
(Angels in fights)

My sanctuary, my sanctuary, oh
Where fears and lies melt away
(Music in time)

Whats left of me, whats left of me now

My hearts a battleground

You show me, how to see
That nothing is whole and
Nothing is broken

In you and i theres a new land
(Angels in flight)

My sanctuary, my sanctuary, oh
Where fears and lies melt away
(Music in time)

Whats left of me, whats left of me now

vocalizing
My fears, my lies
Melt away

aaahhhh
