# Corner Of My Mind

## Vanilla Ninja

I can see a man
Walk away and bend his head
He won't turn around

And there is her mom
Lookin' desperate and sad
And night is slowly fallin' down

In a corner of my mind
I can feel the time rewind
A little girl who stands there cryin'
Her little hopes are dying

In a corner of my mind
Are the tears I left behind
Just memories of a stolen heaven
Gone away forever

Lots of dreams that once were mine
I can always find
In a corner of my mind

And that little girl
In a ragged yellow skirt
She looks very scared

Hears her mother say
Girl - don't want to see you hurt
He's gone - but he will always care

In a corner of my mind...
