

# Kyrie Eleison

## Motoshi Kosako

The wind blows hard against this mountainside  
    Across the sea into my soul  
    It reaches in to where I cannot hide  
        Setting my feet upon the road  
    My heart is old it holds my memories  
        This heart it burns a gem like flame  
    Somewhere between the soul and soft machine  
        Is where I find myself again  
    Kyrie Eleison down the road that I must travel  
    Kyrie Eleison through the darkness of the night  
    Kyrie Eleison where I go and will you follow  
        Kyrie Eleison on a highway in the light  
    When I was young I dreamed of growing old  
        Of what my life would mean to me  
    Would I have traveled down my chosen road  
        Or only wish that I could be

Kyrie Eleison down the road that I must travel  
    Kyrie Eleison through the darkness of the night  
    Kyrie Eleison where I go and will you follow  
        Kyrie Eleison on a highway in the light  
    Kyrie Eleison down the road that I must travel  
    Kyrie Eleison through the darkness of the night  
    Kyrie Eleison where I go and will you follow  
        Kyrie Eleison on a highway in the light  
    Kyrie Eleison down the road that I must travel  
    Kyrie Eleison through the darkness of the night  
    Kyrie Eleison where I go and will you follow  
        Kyrie Eleison on a highway in the light  
    Kyrie Eleison down the road that I must travel  
    Kyrie Eleison through the darkness of the night  
    Kyrie Eleison where I go and will you follow
