

# Mobius Streak (Dufrayne Remix)

## Hiatus Kaiyote

See how my harbored might is blowing away

He breaks my fall as

Dawning of day break

Welts with a mobius streak boundless and righteous for our

Magnolia seed surely ripe in the dark. Origami birds flock from my heart, burst out in colour to wherever you are.

Ancient psychic, tandem, love elephants rest in my skin fit this,

Try angels, triangles

See how my harbored might is blowing away

He breaks my fall as

Dawning of day break welt with a mobius streak boundless and righteous for our

Magnolia seed surely righteous for our.
