

# I Could Have Saved Your Heart

## Code Red

You tell me all your secrets  
Your hopes and all your dreams  
You open up your heart to me totally  
You trust in everything I do  
There's never a question that comes from you  
And even though you've been hurt before  
I'm the one you adore  
But  
How can I tell you that our love ain't the same anymore  
How can I tell you that I can't live here anymore  
When I promised you that I'd never walk away  
And that I'd be with you day by day by day

### CHORUS:

You and I  
It's not meant to be  
Don't blame yourself  
It's all down to me  
If I'd known right from the start  
I would not have promised  
I could have saved your heart  
I could have saved your heart  
From the moment I saw you  
You were all that I could ever need  
You're so precious I thought that  
We'd be together for an eternity  
Then an unexpected thing happened to me  
I cannot commit it just isn't me

### CHORUS

From the pain and misery  
Cause I know just how you feel  
And I have to say I'm sorry baby  
When I promised you that I'd never walk away  
And that I'd be with you day by day by day
