Blue Mountain

The Stone Coyotes

Cool fog in the morning
Like cotton on the trees
Quiet enough to hear a song
In the humming of the bees
Floating out from the highway
Saying, come on up my way
Through the tall grass in the valley
Where the earth and Heaven meet

Wonâ€™t you come on up to Blue Mountain
Above the clouds and busy crowds
Itâ€™s where you wanna be
Wonâ€™t you come on up to Blue Mountain
Where the time crawls and the water falls
Blue Mountain majesty

Send a postcard to your sweetheart
Take a picture by the sign
See all the way to seven states
And the coast if the weatherâ€™s right
Itâ€™s always right, itâ€™s paradise
Itâ€™s like youâ€™ve never seen
Take a nap under a hickory
And wake up in a dream

Wonâ€™t you come on up to Blue Mountain
Above the clouds and busy crowds
You swear youâ€™ll never leave
Wonâ€™t you come on up to Blue Mountain
Where the time crawls and the water falls
Blue Mountain majesty
