

Check Yo Temperature

Tech N9ne

I keep my temperature at 74 when I'm at the crib
And 79 in the winter time, thats just how I live
But when the homies call and say lets hit the town,
when we do them haters frown,
nigga turn the heat down
I know we skip the line,
and bitches think we fine
I know you feelin drunk n tough,
but you best recline
You don't wanna get stained
Its pain in this lane
I'mma check they temperature,
they all up in my mix mane
What up? Suckas!
Ain't no lookin back!
I just wanna know,
what'chu niggas lookin at?
I just come to kick it with the bitches,
I aint come for you
If you really want it,
yeah my homies got a gun or two
I take on every one of you,
what'chu wanna do
Don't forget I got this whole club on my side,
trippin is dumb and you
Stop, everybody, what's that sound?
It sound like a hater bout to get the beat down
With the quick.
And why they wanna go and get me pissed,
when they know I'm with me clique
and a real nigga like mitchy slick
On this Hennessy, sprite n lemon,
fuck these niggas, invite the women
Bustas wanna insight the gremlin,
now ya gatta invite the crimin-als
Don't gimmie that bullshit,
nigga dont gimmie no looks
Ya better get over the shit,
a veteran knowin'll pathetic

andn let up fuckin ya hit me up cuz
So ya better snap ya fangers
And then rock with it
Cuz if ya chops spit it
I'mma let somethin hot hit it
Bout a hundred somethin,
he looked like he wanted somethin
Remy had him beefy,
now he look like a honey bun or somethin
AYE why they always gatta trip wit'cha
I'm mindin my business,
now I gotta check yo temperature
AYE, playa hater man ya fixin' ta
Make me lose it if ya heated
