The Party's Down

Brain Failure

Hey you! I just wanna tell you what I think about you!
You were a leader you were an emporeo!
You've murdered many many people!
But many people still believe you!
Hey! Look at this, it's not your big time
Look at this! My wing is harder!Don't you know the party's down!Baby! I wanna send you a letter! About my love!
We have make love day and night, on the bed just like 24 hours
Do you remember it's so nice it's so good time!Don't you know it's our good time!
