

# Violescent

## Gone Is Gone

Unless we stop the killing we will remain  
Unless we stop our killing we will bleed in vain  
Say goodnight, sing with pride or sink inside  
Say goodnight, sleep in tight, move chasing time  
All beware the vicious feeling lion in a rage  
All beware the vicious feeling lion in a cage  
Say goodnight, sing with pride or sink inside  
Say goodnight, sleep in tight, move chasing time  
Rain down burning ground  
Say goodnight, sing with pride or sink inside  
Say goodnight, sleep in tight, move chasing time  
You'll keep chasing time  
Violescent self, violescent self, violescent self  
In the long run  
Unless we stop the killing  
We remain savages
