

Marry Me

Syd Straw

There's a hole that you fill
Where my fate is to be
There's a future in our future, baby
Have a little faith in me.

What are you doing
the rest of your life?
That's how it starts,
That's how it starts.

I'll honor and keep you
The rest your life
Don't break my heart,
My little heart.

Marry me
Marry me
Marry me
Marry me soon.
Don't wait till June,
Just say I do,
And then I'll say it, too,
And we'll make this our wedding day.

The horse I rode in on has thrown me again,
His name is Ben,
His name is Ben.
I fell off of him
The way I fall for men
I fall hard and suddenly.

What are you doing
the rest of your life?
Can I come and do it too?
Say, if he's the best man
Why am I marrying you?

This missing verse just flew out my truck window,
I swear to God,
Look there it goes.

But I need to believe
That something will work out.
I've had the thorns,
I want the rose.

Marry me
Marry me
Marry me
Marry me now.
Without delay.
Having said all of this,
Let's seal it with a kiss
And make this our wedding day.

Marry me
Marry me
Marry me
Marry me soon
Don't wait till June.
Just say I do,
Baby, i'll say it, too,
And we'll make this our wedding day.

What are you doing
the rest of your life?
That's how it starts,
That's how it starts.
