

# Insanity

## Mr. Suspect

She turns my world around  
Whenever she is touching me  
She knows she's got control  
Of every little thing I feel  
You better let go  
You better let go  
I can't go on feeling  
Like a little devil boy  
But at the same time  
She takes me where I wanna be  
(You better let go)  
(You better let go)  
Come on, you know what I want  
She takes me into fantasy  
Let me back to reality  
(Hey ho, hey, hey, hey ho)  
Insanity  
Your girlfriend's coming on to me  
She eats your heart out, can't you see?  
(Hey ho, hey, hey, hey ho)  
Insanity  
No, you have no idea  
She's doings things behind your back  
She's creeping up behind you  
Telling me, "I want you"  
(You better let go)  
(You better let go)  
Come on, girl

Now don't push it, girl  
Then go to someone else  
When you know you hurt me, ouch  
Really, really bad  
(You better let go)  
(You better let go)  
She takes me into fantasy  
Let me back to reality  
(Hey ho, hey, hey, hey ho)  
Insanity

Your girlfriend's coming on to me  
She eats your heart out, can't you see?  
(Hey ho, hey, hey, hey ho)  
Insanity  
Sweet as she is she is breaking my heart  
Nobody knows it I fell from the start  
Heating your life then she blows you away  
But I can't stay  
(You better let go)  
(You better let go)  
She takes me into fantasy  
Let me back to reality  
(Hey ho, hey, hey, hey ho)  
Insanity  
Your girlfriend's coming on to me  
She eats your heart out, can't you see?  
(Hey ho, hey, hey, hey ho)  
Insanity, yeah
