

# Undone

## Artemis

it's alright to come undone it's ok to come undone  
aiming high and dangerous spinning out into the sun  
it's all beautiful to me now your wings are glowing  
it's all beautiful to me i can feel you

all i have to give is a heart full of love  
all i have to give everything under the stars  
all i have to give only borrowed from above  
all i have to give

it's alright to come undone it's ok to come undone  
just a child of icarus flying straight into the sun  
it's all beautiful to me now your wings are burning  
it's all beautiful to me i can feel you

i want to thank you  
(i believe in the radiant angel in the sky)  
i want to thank you  
(laughing from the clouds watching over laughing from the clouds)

it's alright  
it's all beautiful to me

there's a place for us  
peace and quiet and open air  
it's alright

it's all beautiful to me now your wings are burning  
it's all beautiful to me i can feel you

i want to thank you  
(i believe in the radiant angel in the sky)  
i want to thank you  
(laughing from the clouds watching over laughing from the clouds)

all i have to give
