

# Walkin' In the Sunshine

**Roger Miller**

Walkin' in the sunshine, sing a little sunshine song  
Put a smile upon your face as if there's nothing wrong  
    Think about a good time had a long time ago  
    Think about forgetting about your worries and your woes  
Walkin' in the sunshine, sing a little sunshine songLa la la la la de ho  
    Whether the weather be rain or snow  
    Pretending can make it real  
A snowy pasture, a green and grassy fieldWalkin' in the sunshine, sing a little sunshine song  
    Put a smile upon your face as if there's nothing wrong  
    Think about a good time had a long time ago  
    Think about forgetting about your worries and your woes  
Walkin' in the sunshine, sing a little sunshine songLa la la la la de ho  
    Whether the weather be rain or snow  
    Pretending can make it real  
A snowy pasture, a green and grassy fieldWalkin' in the sunshine, sing a little sunshine song  
    Put a smile upon your face as if there's nothing wrong  
    Think about a good time had a long time ago  
    Think about forgetting about your worries and your woes  
Walkin' in the sunshine, sing a little sunshine songWalkin' in the sunshine, singing a sunshine song  
    Put a smile upon your face as if there's nothing wrong...
