If He Should Break Your Heart

Journey

Please be wrong Please don't tell me it's really you Tell me eyes... tell my heart what I'm goin' through I believed, I believed I was over youIf he should break your heart I'll always know where you are If you should fall... apart I'll be there, I'll be around If he should break... your heart I'll be thereIs this right I don't care I'm alone with you Here we are, once again you've got someone new Lonely hands, please don't do what you wanna doIf he should break your heart I'll always know where you are If you should fall... apart I'll be there, I'll be aroundIf he should break... your heart From my soul I say... good-bye yesterday One more night alone, without the touch... of you Then I start to break... is it my mistake Tell me am I wrong... for holdin' on... to youIf he should break your heart

If you should fall... apart
I'll be there, I'll be aroundIf he should break you heart, I'll be there
If he should break your, if he should break your
If he should break your heart
I'll be there, I'll be around

I'll always know where you are
