Cold Feet

The Del-Vikings

I follow your friends around
I?m searching from town to town
I never knew what you meant to me
Until you were lost and found
I never get up for daytime
And only go out at night
There?s so much I have to say to you
I?m gonna get it right this time
My love, come to me
Come around, I?m lonely
Have socks I can smell you on them
I guess you must have forgot them
I wear them when I?m cold sometimes
I?m wearing them all the time
I?m thinking of heading south
Bittersweet memories of your mouth
Remembering what you said to me
You?ll never get cold feet now

My love, come to me
Come around, I?m lonely
My love, come to me
Come around, I?m lonely
I follow your friends around
I?m searching from town to town
I never knew what you meant to me
Until you were lost and found
My love, come to me
Come around, I?m lonely
My love, come to me
Come around, I?m lonely
My love, come to me
Come around, I?m lonely
My love, come to me
Come around, I?m lonely
