

# Beings

## Madeon

[Verse 1]

These will be times that I will miss  
Don't blame me if I don't come through

I spent a lifetime on this

But I would give it up for you[Chorus]  
Because I know what you do out of passion

But it only makes it harder for me  
And I know that you're scared by the notion  
We'll become who we meant to be[Verse 2]

Fall in the hands of a greater unknown

Let me be there

And tell me if you need time to prepare  
All we'll demand is the world[Chorus][Outro]

Oh what we meant to be

Oh what we meant to be

Oh what we meant to be

Oh what we meant to be

We'll become who we meant to be  
We'll become who we meant because I know

We'll become who we meant to be  
We'll become who we meant because I know  
We'll become who we meant to be
