

# Maintaining

## Common

Gotta watch out for them critters  
I get the party live, Common Sense will get the party live, huh  
I get the party live, Common Sense will get the party live, huh  
I get the party live, Common Sense will get the party live, huh  
I get the party live, Common Sense will get the party live, huh I was born in Chicago, raised on Planet Rock  
Talking zsa zsa zsa zsa  
Catch knock my tape like beats, I'm fresh as fruits  
(Uh)  
You pussy MC, it's you I rebuke, repent  
You burn up, you got me bit, I'm coming as ebit  
Got on big hoes at Freak nit, frequently your telling me  
Won and worn your rockets  
So he ain't put no scratch in my pocket Yo heard, with my head I cock it  
And rock it like that brother in Colors  
'Cuz I want y'all to live, my crew is 2 Live, we sneakin' to the rear  
But I can't get us all in free, it's just another case of that 2 dollar MC  
(What?)  
I rock the same clothes 3 days straight to you  
They wrinkled but to my they straight  
Now I'm straight, are you straight? I'm straight as long as I got beer  
I thought about it Jack, and now I'm out of here Maintain the rock  
I get the party live, Common Sense will get the party live, huh  
Don't stop the rock Maintain the rock  
I get the party live, Common Sense will get the party live, huh  
Don't stop the rock Maintain the rock  
I get the party live, Common Sense will get the party live, huh  
Don't stop the rock Maintain the rock  
I get the party live, Common Sense will get the party live, huh  
Don't stop the rock Maintain the rock  
Don't stop the rock I need me some new socks, I need me some new drawers  
I draws attention like a letter to a sargent  
Theres a few good MC's the wack, I'm giving code red  
Slim say I got nobody but when they see me at the party  
They be like, "Go 'head, go 'head"  
'Cuz I got's the cuts like Bobby, rappers are dick heads  
Choppin' they demo, I do it like Big Red  
My office hours are from 9 to 5  
While you avoid the party I make it live The fellas nod and the chicks dance  
While I'm coolin' in my jumpers and my big pants  
I'm as dope as PCP, MC's see me and start having flashbacks

I don't flash scratch, I gotta watch my back  
Now a days blacks don't know how to act  
Besides Larry Fishburn, Charles Jug and Wesly Snipes  
Marks wanna test me because I test the mics  
I check 'em like sound, and like loose I'm down  
Plus I done got better since soul by the pound, I maintainMaintain the rock  
I get the party live, Common Sense will get the party live, huh  
Don't stop the rockMaintain the rock  
I get the party live, Common Sense will get the party live, huh  
Don't stop the rockMaintain the rock  
I get the party live, Common Sense will get the party live, huh  
Don't stop the rockMaintain the rock  
I get the party live, Common Sense will get the party live, huh  
Don't stop the rockI fall fresh apon the spirit, with the lyric that's overwhelming  
And house more hoes then Spell man  
Worse unwelcome like James Johnston  
My brains sponsoring speech on the mic, I'm like a Jackson  
Rappers I'm fondling, they try to settle out of court  
But I, could never be bought, what type of rebel eats pork?  
I'll take the cat and never get caught, you wack together we fought  
'Cuz I can't see my melons boxing if he's not boxin' with 'emI don't care who started it, I'm gonna be apart of it  
Regardless of the odds of how hard  
It's been many times we was outnumbered and we still got with them  
I got rhythm from some boogers and some foxes  
But if I becomes a 10 then some brothers all some gin  
And I got juice, and this niggas scaredI'll F your head up, like the L.A.  
For when I flow for cash I got for broke like Mel for Moore  
Why should a male with a B8 get more then me?  
When Rashid got an MC degree and a doctrine in rockin' shit  
I go to docs to get a fish wish with cheese  
I don't mix with MC's 'cuz I just don't like the mother [unverified]  
But I'm still maintainingMaintain the rock  
I get the party live, Common Sense will get the party live, huh  
Don't stop the rock
