

Say It Again

Lukas Kasha

[** feat. Royce Da 5'9":]"Say it again"*

[Verse 1: ~Wale~]Uh huh

Slumdog 'fore I part any sub par

The underdog of the underground has come far

Who's gonna come for it?

The crown that is

They gun for it

But wouldn't blow if George Jung wrote it

I cough on the chorus, sneeze on that loose leaf

Napkin

Nigga my loogies eat tracks up

Now while my fan base adds up

HDC bitches need a nigga like Fab says

Like I took a tablet of melatonin

See, while y'all niggas on the microphone I'm nappin'

Nigga, I'm the baddest and I ain't even trappin'

I master vandalism and my Louie V's sprout shit

How the fuck I get on?

I still keep it indie, y'all word to Dow Slim

Cry me a river, I'll white water raft it

Y'all roll up pounds well I roll up mountains

I rode from Largo to south side to Austin

With a bad snow bunny probably still on allowance

"Say it again"

I ain't hear you clear

Stuntin' in my rarest pair

Nigga I ain't never scared

"Say it again"

Call me whatever Joe

I be gettin' money

Motherfucker I ain't never broke

"Say it again"

I ain't hear you clear

Stuntin' in my rarest pair

Nigga I ain't never scared

"Say it again"

Call me whatever Joe

Wale & Royce

Motherfucker this is forever dope
[Verse 2: Royce Da 5'9"] I'm like castration
 Take your balls from ya
 Pause
 I'm calculatin'
 Like numbers
 We lookin' for something like navigation
 Lyrically force niggas to spit it like masturbation
 Physically molly whoppin'
 Triggers is probably poppin'
 All of my bitches mind's are Free like Olly Oxen
 Suck my lolly pop then
 I put the condom on it
 Look at the beaver up and down like I'm Wally watchin'
 Haha, I'm on the grind, niggas know the time
 You spit it like phew
 I spit it like a loaded nine, POP
 Biggie... PAC
 C'mon, who's nicer than Nickel?
 I'm trife on this ripple
 When you a big dummy like Lamont Sanford
 Your life is a product of trash
 I'm fuckin' dykes with a lot of pizazz
 My hoes got moxie
 My Slaughter's hittin' our goals as though we like hockey
 My nigga Wale
