Boys Lie

Brandtson

no matter what words i say she just thinks it's my best line she'll look at me that way and say yeah she'll say boys lie thanks guys you've really done it for me this time now i'm watching her walk away i'm not like all the others i get lost inside your eyes and it comes as no surprise that still she won't believe me she's heard it a hundred times she'll just look at me and say boys lie i'm paying for her past because the last guy didn't last i'm stuck in the middle of this riddle so cruel there's no point to argue 'cause you know as well as i do that it's true crazy that we will never be happy so much time invested you and me and all this wishful thinking so much time you wasted i get lost in your eyes while you just look for the lies
