

Fight Delays

Oddisee

They told me this ain't where the money at
It's funny that I heard that mess when I was coming back
From another sale they tell me I ain't buzzin' welp
Last year I made well over a hundred stacks
I'm sure it's better to know than to show
But it's hard to stay humble in the jungle as an alpha male
Too much romance and not enough real
Maybe that's just how I feel about the program
The old soul meets the old man
On the the road less traveled
They been waitin for a conversation
The wait is over, they catchin' up
Back it up, had enough, taking over
That's it right there
Naw it was just twelve bars
Naw, that was it cut it right there
