

Isolated Ones

U.S. Bombs

Can't buy you Cadillac, a diamond ring
There's no dough in the ghetto
A nine to nine, got a barmy life
And I broke all the windows, We are the isolated ones
We're gonna run, run, run
get my loaded gun Bel Air mannequin's too good for me
It walked by as if I was a bum
Kicking my can across the dirty street
to my mansion at the dump We are the isolated ones
We're gonna run, run, run
get my loaded gun We're your minority in the city
financial district we ain't blessed
I just seen a suit jump off a building
I guess the stocks in the market crashed The solid waste here bulks in
plenty of thieves and plenty of greed
nothing to eat but a can of beans
And I'm stuck with I.S.E. (guitar solo) We are the isolated ones
We're gonna run, run, run
get my loaded gun projects road rage car jacks looting
shoulders of the world
A no life gang fight parasite, shooting
shoulders of the world We are the isolated ones
We're gonna run, run, run
get my loaded gun
