

# Don't Be Rude

## YACHT

Don't be rude  
Don't tell me there's no face on the moon  
That the air in the sky isn't blue  
That there's nothing that's left for our two hearts to prove  
Don't, don't don't don't  
Don't be rude  
I would feel much less alone  
If I knew that everyone  
Was as lonely as me  
Was as regularly stoned as me  
I would feel much less alone  
If I knew that everyone  
Was as phony as me  
It's not only me  
Who's as lonely as me  
Don't be rude  
Don't tell me there's no face on the moon  
That the air in the sky isn't blue  
That there's nothing that's left for our two hearts to prove  
Don't, don't don't don't  
Don't be rude  
I would give up anything  
I would trade in the truth  
If I could convince you  
That all of these old words are new  
I would say most anything  
If I thought that any sound  
Could turn this all around  
Only a kiss  
Could feel as lonely as this  
...  
Oh baby  
...  
Oh baby you  
Had better watch that you say what you say is true  
So maybe I can say what I can't say to you  
Had better watch that you say what you say is true  
So maybe I can say what I can't say to you  
Had better watch that you say what you say is true

So maybe I can say what I can't say to you  
Had better watch that you say what you say is true  
So maybe I can say what I can't say to you  
(Watch what you say, watch what you say)  
Don't be rude  
Don't tell me there's no face on the moon  
That the air in the sky isn't blue  
That there's nothing that's left for our two hearts to prove  
Don't, don't don't don't  
Don't be ru-ru-ru-ru-ru-ru-ru-ru-ru-ru-ru-ru-ru-ru-ru-ru  
Don't be rude  
Don't tell me there's no face on the moon  
That the air in the sky isn't blue  
That there's nothing that's left for our two hearts to prove  
Don't, don't don't don't  
Don't be rude  
Ru-ru-ru-ru-ru-ru-ru-ru-ru-ru-ru-ru-ru-ru-ru-ru  
Don't be rude  
Don't tell me there's no face on the moon  
That the air in the sky isn't blue  
That there's nothing that's left...
