

Silk Moth (Mr. Double Face)

Simon Says

Hello Mr. Double Face you think you're so
Beautiful
Disguised in all your plastic smiles tell
Them all they want to hear
Leather jacket fits so nice while I am so
Pitiful
Bottom line name your price then just lay
Back and suck my dickNow your staring down the barrel of all
Your actions
And I'm laughing in your faceChauvinistic pig fuck you're so goddamn
Wonderful
Behind my back talkin shit your cheap
Excuse just makes me sickNow your staring down the barrel of all
Your actions
And I'm laughing in your face
Do you fell your life's run empty in
One split moment?
Now it's time to get a taste
A taste of my revengeMy way turn around and face me it's over
I've thought about the consequences
You really think I give a shit?Now your staring down the barrel of all
Your actions
And I'm laughing in your face
Do you fell your life's run empty in
One split moment?
Now it's time to get a taste
A taste of my revenge
